

## Mechanical, Plumbing & Intelligent Building Solutions

**Sharking Corp** is a solutions-focused mechanical and building systems partner supporting owners, engineers, contractors, and property managers. We connect HVAC and plumbing infrastructure with intelligent monitoring, leak detection, and control systems to reduce risk and improve operational visibility.

### MECHANICAL & PLUMBING SOLUTIONS

- Boilers, hydronic heating & chilled water systems
- Pumps, boiler feed & vacuum systems
- Valves, PRVs, backflow & flow control
- Domestic water & specialty plumbing infrastructure

### LEAK DETECTION & WATER DAMAGE PREVENTION

- Leak sensing cable systems (rope & spot detection)
- Zoning for mechanical rooms, risers & critical spaces
- Early-warning alerts to reduce damage and downtime
- Solutions sourced via Titanium Intelligent Solutions, Inc.

### BUILDING CONTROLS, SOFTWARE & VISIBILITY

- Building control and monitoring software platforms
- HVAC & mechanical system performance visibility
- Temperature sensors, gauges & thermometers
- Camera systems for mechanical rooms & infrastructure

### MANUFACTURERS & TECHNOLOGY PARTNERS
